

David "Scott" Henschel

David "Scott" Henschel is a Business Transformation Leader, facilitator, and teacher with over 30 years of federal government experience in healthcare leadership, business transformation, strategic planning, process improvement, change management, and education. He currently serves as the Improvement Sciences Branch Chief for the Office of Strategy Management, Defense Health Agency (DHA) and previously served as the Senior Lean Six Sigma (LSS) Master Black Belt and LSS Deployment Director for the US Army Medical Command, Office of The Surgeon General. He voluntarily serves as Distinguished Faculty at the Association of Aeromedical Services Safety Management Training Academy and is Adjunct Faculty at Trinity University where he teaches "Healthcare Performance Improvement" into the Master's in Healthcare Administration (MHA) program. Scott also teaches LSS at the University of the Incarnate Word and

Baylor University (Baylor Continuing Education) through the Robbins Institute for Health Policy and Leadership. Scott is a certified LSS Master Black Belt, certified Balanced Scorecard Professional (BSP) and a GE Healthcare trained Change Agent. Scott has facilitated the development of numerous Balanced Scorecards in remarkably diverse industries to include government healthcare, private schools, and private health clinics. He is also the Managing Partner of Imminent Domain, LLC, a San Antonio based service-disabled veteran owned small business that offers continuous process improvement training and business consulting.
